

# JOIN US IN SUPPORTING DYLAN'S RARE CHROMOSOME DREAM TEAM INC.\*

\*Dylan's Rare Chromosome Dream Team Inc. is a NY nonprofit corporation that has applied for 501(c)(3) status. The application is pending approval by the Internal Revenue Service.

As we raise funds to further research and increase awareness of Rare Chromosome and Gene Disorders, we draw inspiration from the brave journey of two-year-old Dylan Nikol. We founded this organization to shine a light on the rare and little-understood condition of 6p duplication (partial trisomy 6). With extremely limited research and scarce literature available, Dylan's story embodies the spirit of others who navigate the unknowns of rare chromosomal disorders, as the impacts on development and health remain predominantly unknown.
